Commandant's Message

United States security depends on the readiness of our military forces. Force readiness depends on the intellectual vigor, preparedness, and continued growth of our people. As an institution of higher learning, Community College of the Air Force performs a vital role in ascertaining and validating the job knowledge and performance of every Air Force enlisted member. We record and promulgate our students' educational successes, support their career advancements, and enable them to seek even greater educational achievements.

~ Colonel Thomas D. Klincar

Philosophy: The USAF requires well-trained, educated and professional noncommissioned officers prepared to meet current and future leadership, managerial and technological challenges of an increasingly sophisticated, complex and expeditionary Air Force. We believe enlisted members of the Air Force are entitled to personal and professional growth through collegiate programs beneficial to the Air Force and the nation.

Vision: The foremost occupational education institution--preparing the world's best expeditionary-minded air and space enlisted leaders.

Mission: Offer and award job-related associate in applied science degrees and other academic credentials that enhance mission readiness, contribute to recruiting, assist in retention and support the career transitions of Air Force enlisted members.

Air Force Core Values:

- Integrity First
- Service Before Self
- Excellence in All We Do

We make a difference...One student at a time
